

August 19, 2009

Dear Grace and Pete,

Thank you for taking the time to meet with us in June about Charlestown's stormwater education needs. Please find enclosed our suggestions for a stormwater education and outreach strategy.

We are happy to meet with you at your convenience to review these suggestions. **We have incorporated many different approaches into the plan, and we look forward to discussing how to implement the ideas that are most feasible for you, including the assistance that we can continue to provide.** Additionally, we recommend identifying a volunteer group who could assist the Town in the implementation of any chosen education methods as well as trying to involve Alan Arsenault or Matt Dowling, who are overseeing stormwater coordination for the Town.

We look forward to hearing from you and continuing to work on Charlestown's stormwater education and outreach.

Best regards,
