

August 18, 2009

Dear Veronica,

Thank you for taking the time to meet with us in June about how the Narrow River Preservation Association might help towns within that watershed meet their stormwater education needs.

We are happy to meet with you at your convenience to review these suggestions. **We have incorporated many different approaches into the plan, and we look forward to discussing how to implement the ideas that are most appropriate for your organization, including the assistance that we can continue to provide.** Additionally, we would hope to directly involve the towns of Narragansett, South Kingstown, and North Kingstown to ensure that these efforts help them meet their stormwater education requirements.

We look forward to hearing from you and continuing to assist your work on stormwater education and outreach.

Best regards,

Lorraine Joubert
