

know where
it goes

take simple
steps to reduce
STORMWATER POLLUTION

It's That Time of Year Series Contents

Month	Topic
January:	Make a new resolution: Dispose of household hazardous waste properly; try non-toxic cleaners.
February:	Have a heart: Remember two rules of thumb—Reduce runoff; help keep runoff cleaner.
March:	In time for spring cleaning: Use a broom, not a hose; Dispose of household hazardous waste properly.
April:	April showers: Divert rooftop runoff.
May:	Beginning of summer gardening: Practice stormwater-friendly gardening.
June:	Beach season: Learn about stormwater pollution, one cause of beach closures.
July:	Independence day: Protect your pet from fireworks, and protect your local waters from pet waste.
August:	Summer vacation time: Turn off automatic sprinklers and learn about other, wise watering tips.
September:	In the last days of summer: Think about changing fertilizer practices.
October:	When it's time to rake: Don't put leaves down storm drains.
November:	During election time: Take action to reduce stormwater pollution in your community and at home.
December:	During the gift-giving season: Remember stormwater-friendly gifts.
