

Storm Drain Cartoon: Suggested Accompanying Text

*It's no joke: whatever enters a storm drain flows directly into our local waters. The storm drain system provides no filters and no treatment. Help us keep our waters clean. [insert tip]**

***Tips might include:**

- Never dump, wash, or rake anything into the path of storm drains.
- Sweep, don't hose, your driveway or other paved surfaces.
- Consider using downspout extenders to direct water onto your lawn instead of pavement.
