

RI NEMO News

Dear Lisa,

On November 13, RI Stormwater Solutions will be hosting a workshop at the University of Rhode Island entitled, *Reaching Out to Residents: Municipal Strategies for Public Stormwater Involvement*. The workshop will highlight the strategies and materials that we have been developing specifically for municipalities to help them meet Phase II regulations relating to public involvement, education, and outreach.

As a member of our Advisory Committee, we hope that you will consider joining the ad hoc committee that will provide input on the workshop. All ad hoc responsibilities can be accomplished through e-mail and phone communication. If you are interested, please e-mail Lisa by October 3.

Best regards,
Lisa Philo
